

**Author Index to Volume 2, 1998**

**A**

- Abrahams P. .... (1): 001-005  
 Aijón J. .... (1): 35-43  
 Aimar P. "Ultrastructural features and synaptic connections of NADPH-positive neurones in the rat spinal dorsal horn and central grey matter" .... (1): 27-34  
 Alconchel M.D. "Intimal thickenings of the human facial artery: an immunohistochemical and morphometrical study" .... (2): 91-96  
 Alonso J.R. .... (1): 35-43  
 Alonso M.I. "Neural tube defects induced by  $\beta$ -D-xyloside: evidence of a role for sulfated proteoglycans in neural fold fusion in rat embryos" .... (3): 133-140  
 Álvarez L. "Morphological relationships between the oval fossa and neighboring structures" .... (2): 85-89  
 Álvarez L. .... (2): 109-114  
 Ambrosiani J. .... (2): 115-122  
 Aránega A. .... (2): 85-89  
 Aránega A. .... (2): 109-114  
 Aránega A.E. .... (2): 85-89  
 Arena N. .... (2): 109-114  
 Arenas M.I. .... (2): 123-131  
 Arévalo R. .... (1): 35-43

**B**

- Balásperi L. .... (3): 141-146  
 Barajon I. .... (1): 27-34  
 Barbosa E. .... (3): 133-140  
 Biasol S. .... (1): 45-53  
 Blanco E. .... (2): 101-108  
 Blánquez M.J. "Ultrastructure and apical secretion of peripheral epithelial microreceptors in trout embryos" .... (2): 123-131

**C**

- Carmona A. "Subdivisions of the human substantia nigra using AchE histochemistry" .... (2): 115-122  
 Carmona E. .... (2): 97-100  
 Carretero J. .... (1): 35-43  
 Carretero J. "Inverse effects of estradiol and testosterone on the in vitro proliferation rate of rat VIP-immunoreactive pituitary cells" .... (2): 101-108  
 Carrillo E. .... (2): 85-89  
 Carrillo E. .... (2): 109-114  
 Castañeyra A. "Immunocytochemical study of secretion by the mouse sub-commissural organ after captopril treatment" .... (2): 97-100

- Catalina C.J. .... (2): 115-122  
 Cozzi B. .... (1): 63-76

**D**

- Díaz M.P. .... (2): 91-96

**F**

- Fernández-Galaz M.C. "Receptor-mediated internalization of insulin-like growth factor-I in neurons and glia of the central nervous system of the adult rat" .... (3): 147-158  
 Ferres R. .... (2): 97-100  
 Fraile B. .... (2): 123-131

**G**

- García-Segura L.M. .... (3): 147-158  
 Gaspar I. .... (2): 123-131  
 Gato A. .... (3): 133-140  
 González A.R. .... (2): 85-89  
 Gutiérrez J.L. .... (3): 159-165

**H**

- Herrera M.L. .... (3): 159-165

**J**

- Jiménez-Castellanos J. .... (2): 115-122  
 Jiménez-Castellanos R. .... (2): 115-122

**L**

- Lengvári I. .... (3): 141-146  
 Lubics A. .... (3): 141-146

**M**

- Marchal J.A. .... (2): 85-89  
 Marchal J.A. .... (2): 109-114  
 Mariotti R. "Induction of nitric oxide synthase activity in motoneuronal cell damage" .... (1): 55-61  
 Marrero N. .... (2): 97-100  
 Martín P. .... (3): 133-140  
 Martín-Clavijo A. .... (2): 101-108  
 Martín-Rodríguez J.C. "Visualisation of endocardial cells in the cardiac jelly of quail using Mab QH1" .... (1): 7-13  
 Martínez-Álvarez C. .... (1): 7-13  
 Melguizo C. .... (2): 85-89  
 Melguizo C. "Cryopreservation can in-

- duce transitory changes in the morphology and differentiation markers of rhabdomyosarcoma cells" ..... (2): 109-114
- Merighi A. .... (1): 27-34
- Meyer G. .... (2): 97-100
- Mirapéix R.M. .... (1): 1-5
- Moreno M.N. .... (3): 159-165
- Moro J.A. .... (3): 133-140
- Murillo-González J. .... (1): 7-13
- O**
- Ortiz P.P. .... (2): 91-96
- P**
- Panzica G.C. "Colocalization studies in the avian brain provide new insights on the roles of NO in higher vertebrates" ..... (1): 63-76
- Pérez H. .... (2): 97-100
- Pérez M.A. .... (3): 159-165
- Pérez M.M. .... (2): 97-100
- Pérez M.T. .... (3): 159-165
- Pérez-Miguelsanz J. .... (1): 7-13
- Pilgrim C. .... (1): 15-21
- Podschuweit W. .... (1): 15-21
- Prados J.C. .... (2): 85-89
- Prados J.C. .... (2): 109-114
- Puerta J. .... (1): 7-13
- R**
- Reglódi D. "Galanin-like immunoreactivity in the nervous system of *Oligochaeta*" ..... (3): 141-146
- Reisert I. .... (1): 15-21
- Romo E. .... (2): 123-131
- Rubio M. .... (2): 101-108
- S**
- Sánchez F. "NADPH-diaphorase activity in the paraventricular nucleus of the hypothalamus: distribution, coexistence and functional implications" ..... (1): 35-43
- Sánchez F. .... (2): 101-108
- Sánchez F. "Testosterone enhances the NADPH-diaphorase staining in the paraventricular nucleus of the hypothalamus. .... (3): 159-165
- Santos M. .... (2): 101-108
- Sañudo J.R. .... (1): 1-5
- Sarrat R. .... (2): 91-96
- Szelier M. .... (3): 141-146
- T**
- Torres A. .... (2): 91-96
- Torres-Alemán I. .... (3): 147-158
- Trips T.L. "Sex differences in synaptic density in the prenatal rat striatum" ..... (1): 15-21
- Tudela C. .... (1): 7-13
- V**
- Vázquez G. .... (2): 101-108
- Vázquez G. .... (3): 159-165
- Vázquez R. .... (2): 101-108
- Vázquez R. .... (1): 35-43
- Vázquez R. .... (3): 159-165
- Vázquez R.J. .... (2): 101-108
- Vélez C. .... (2): 85-89
- Vercelli A. "Morphology and distribution of NADPH-d-positive neurons in the superficial layers of the rat superior colliculus and in the lateral geniculate nucleus relative to retinal projections" ..... (1): 45-53
- Viglietti-Panzica C. .... (1): 63-76
- W**
- Whyte J. .... (2): 91-96
- Y**
- Young R.C. "Accessory tendons of the extensor carpi radialis muscles" ..... (1): 1-5
